## Imaginings for Those Who have Lost a Pet

SILVER MEDAL winner 2017 IBPA Ben Franklin Awards for  
excellence in publishing Body, Mind, Spirit

**I HEARD YOUR DOG DIED: Imaginings for Those Who Have Lost a Pet** follows a youngster's journey through sorrow after the child watches helplessly as a car strikes the family dog.

Unable to find solace within the grieving family, the child finds consolation in chats with a caring neighbor. Together they explore the mystery of "why" things happen.

Digging deep into personal experiences of loss and imagining life as a Big Play, the neighbor offers perspectives on death and animal souls and the roles animals play in our lives to help the youngster work through blame and anger. Together the pair processes the wrenching emotions of deep loss.

As the child gradually shifts from anger to acceptance, the story reaches a surprising conclusion that neither neighbor imagined.

**I HEARD YOUR DOG DIED: Imaginings for Those Who Have Lost a Pet** harnesses the power of parable to guide its readers ages 9 to 99 out of the pain of a relationship loss. Read it and weep...for joy!
